BHUMIL PARATE

FULL-STACK DEVELOPER | LARAVEL, VUE, REACT | API & PAYMENT SYSTEMS

bunnyparate7193@gmail.com | +1 (382) 885-3109 | Kitchener, ON

Full-Stack Developer with 3+ years of professional experience building production-grade web applications using Laravel, Vue, and React. Strong experience in REST APIs, payment integrations (Stripe, PayPal), admin dashboards, and third-party integrations including Shopify and Amazon APIs. Experienced in delivering end-to-end features for real businesses in fast-paced, production environments.

TECHNICAL SKILLS

- **Backend:** Laravel, PHP, REST APIs, MVC Architecture, OOP
- **Databases:** MySQL, MongoDB
- **Frontend:** Vue.js, React.js, JavaScript, HTML5, CSS3, Responsive UI Development
- **Integrations & Tools:** Stripe, PayPal, Shopify APIs, Amazon APIs, Git, GitHub, Postman
- **Cloud & DevOps (Basic):** AWS (Fundamentals), Docker (Basic), CI/CD Concepts, Nginx (Basic)

PROFESSIONAL EXPERIENCE

Software Engineer, iCube TechnoLabs   **Aug 2021 - Dec 2023**
- Built and maintained RESTful APIs using Laravel following MVC and OOP principles.
- Developed admin dashboards using Vue and React to manage users, content, and orders.
- Worked on public Shopify Marketplace apps including Diamond Link, LM Sticky Cart Drawer & Upsell, and LM Request Quote & Hide Price.
- Integrated third-party services including Stripe, PayPal, Shopify APIs, and Amazon APIs.
- Designed and developed end-to-end web features across frontend and backend systems.
- Participated in deployment, debugging, testing, and performance optimization.
- Collaborated using Git and CI/CD workflows in fast-paced environments.

Internship Trainee, iCube TechnoLabs   **Jan 2021 - Jul 2021**
- Assisted in developing frontend and backend features using HTML, CSS, JavaScript, and PHP.
- Worked with MySQL and NoSQL databases for data storage and validation.
- Supported UI/UX improvements and codebase refinements.

EDUCATION

Graduate Certificate in Web Design & Development, Conestoga College   **May 2024 - Aug 2025**
- CGPA: 3.48 / 4.0

Bachelor of Information Technology, GTU   **Aug 2017 - May 2021**
- CGPA: 8.09

LEARNING & DEVELOPMENT

- Strengthening backend API development and distributed system fundamentals
- Expanding cloud deployment knowledge using AWS and Docker
